HIGH SCHOOL

Welcome back to all parents & students. The addition of a 9th period and the new bus/drop off procedures are sure to take some getting used to but will begin to feel like the norm in no time. In addition, September is full of picture days for all HS students so be sure to look at the calendar. Open School night is on September 27th; the night begins at 6:30 with an orientation meeting for 9th grade parents, followed by all parents being welcomed at 7pm to follow their child's schedule and meet their teachers. Open School is always a good time to familiarize yourself with the staff and gain a better understanding of the expectations and resources that are available to your children throughout the year. Your presence is important and appreciated. September ends with Homecoming which is a wonderful community event that includes spirit days that run throughout the week of September 26th and ends with a parade that goes from FJC to the High School and involves students from all grade levels...come out and show your support!

October brings with it many opportunities for students to take SAT, ACT, & PSAT exams. Many registration deadlines are in September so be sure to check the district calendar for this information or reach out to the Guidance Office for more information. In addition, deadlines for purchasing Yearbooks and submitting parent ads are in September & October so be sure to make note of them. With the year beginning, so will many sports, clubs and activities. Check out the schools website for more information and encourage your children to look for information at school on ways to get involved. There are activities for many different interests and getting involved is a great way for students to meet friends and feel more connected to school. There are also many ways for parents to do the same. Be sure to join the PTA to help support all that they do and come to our first meeting on THURSDAY, SEPTEMBER 28th at 7pm in the MS Library to find out more about what is being planned throughout the school year and ways that you can get involved.
